

Planting Hope

In Loving
Memory of
Kathryn Pufahl
Founder of Beds & Borders
1958-2003

All proceeds from the purchase of *Petunia integrifolia* 'TNT' will go directly to 'The Kathryn Pufahl Pediatric IBD Research Fund' at Mt. Sinai Hospital. Your support helps raise critical funding for research and public awareness in the hopes of finding a cure and ensuring a bright future for those who suffer from IBD disorders.

Petunia integrifolia 'TNT' Magenta pink 1-2" blossoms cover trailing stems on this Beds & Borders, white-eyed form. The seeds were collected in our display garden and named 'TNT' (Tyler n' Torie) by Kathy.

We appreciate your support!

The Kathryn Pufahl Pediatric IBD Research Fund, PO Box 1656, 5 East 98th Street, NY, NY 10029
